

# Kaplan University: Cedar Falls – Median Loan Debt

This median loan debt rate was calculated by determining the loan debts of students who completed the program between July 1, 2009, and June 30, 2010. The first columns represent the median debt from the Federal Family Educational Loans (FFEL) program and the William D. Ford Direct Loan (DL) program. The second column represents the median amount of loans students received from private lenders, which include, but are not limited to, loans made expressly for educational expenses by financial institutions, credit unions, institutions of higher education or their affiliates, and States and localities. The third column represents the median amount that students owed in institutional financing and loans upon completion of the program.

Some programs may not be listed because the program was recently opened or has too few students to calculate a median loan debt rate.

OPEID CIP CL	Program Name	Degree			Federal Student Loans	Private Loans	Institutional Financing
			# of Completers	# of Borrowers	Median Debt	Median Debt	Median Debt
